

States Logistics Expands Ontario, CA Warehouse

January 16, 2006

Ontario, CA – States Logistics is pleased to announce the expansion of their Ontario, California operations to over 300,000 square feet of warehouse space. This increase represents an enormous gain in storage space and will greatly benefit existing customers looking to store more product with States in the Inland Empire. The expansion also makes room for new customers to take advantage of the high level of service States has to offer in a fantastic geographic region. With this expansion States will operate a just under 1,000,000 square feet in Southern California, along with an additional 1,000,000 square feet in Arizona.
